

## **Safety measures implemented by Oman Convention & Exhibition Centre**

- To enter the venue, it is mandatory to show your vaccination certificate at the entrance or negative RT-PCR report (test conducted within 72 hrs).
- It is mandatory to wear face masks at all times in the venue.
- Signage has been installed at key locations across the premises to spread awareness about safety regulations. Digital screens across the venue display messaging related to safety measures.
- Temperature checks have been installed at all entry points to screen visitors, exhibitors, organisers, employees and contractors prior to entering the OCEC premises.
- Floor stickers and other guides are installed to support social distancing measures as outlined in the government guidelines.
- Sanitisers have been installed at event spaces.
- All emergency evacuation routes and assembly points remain the same, social distancing will be implemented in case of an evacuation.
- Deep cleaning and sanitisation of all areas is conducted after every use.
- Frequent sanitisation of all high touch public areas and shared tools and equipment.
- Pre-opening deep cleaning, sanitisation and fumigation of all facilities will be conducted on the last night of build-up.
- Washroom facilities cleaning and sanitisation will be conducted periodically for all areas of the toilets, during events.
- The frequency of cleaning FOH/ BOH areas is increased in high traffic areas.
